

Wine List

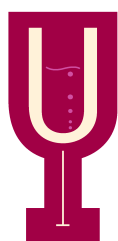

Introduction

Welcome to the Imperial Hotel's wine list. Having spent much of my working life involved with wine, either in sommelier competitions during and after university or over the 36 years that I have worked here, I have tried to create a wine list that features wines from around the world. I am often asked what my favourite wine is, and my answer would be that I don't really have one. There are so many great wines made these days that it depends upon the occasion, on what I am eating and the time of year.

For our House wines, I have selected a range from around the world featuring a variety of grape types to suit many dishes, and which are all available by the glass or the bottle.

If you have the time, do look through the list. There are some fantastic wines from both individual family producers to large winemaking companies. Each has their place on our list and I have tasted them all. If you would like to talk about a particular wine or need some help selecting please feel free to ask. I am a however great believer in 'drink what you feel like, when you like.'

Wine is all part of the occasion of dining out; the more you enjoy what we have to offer at Imperial Hotel, the better the wine will taste. Enjoy choosing and have a delicious meal.
