WEDDINGS BY THE SEA

BREATHE DEEP THE SEA AIR

Weddings at our classic seaside hotel give your day beauty, fresh air, and the natural romance of the Norfolk coast.

Since the Swinging Sixties, we've looked after couples on their special day. Fashions and tastes have changed, but why couples choose The Imperial is timeless.

We offer delicious wedding menus, made using fresh produce; entertainment, well-stocked bars, and of course, we're right by the beach. A lovely backdrop for your wedding photos.

Whether your wedding is large, small, somewhere in the middle— we have four versatile ceremony rooms, and 39 comfy bedrooms. We're not regimented either, we can do formal, sit-down wedding breakfasts and serve yourself, relaxed set-ups.

It's all about what you want. We're here as a stage for your dream day to unfold, with a friendly team in the wings to make sure production is flawless.

EVENING WEDDING RECEPTIONS

With the moon rising over a North Sea horizon.

Our Sandown suite and private bar can comfortably fit up to 150 guests and has a spacious dancefloor with climate control. Though it can't make dance moves cooler.

For total ease, we can create a mouth-watering buffet and arrange a DJ or live band for you—if you wish.

Plus, room hire is complimentary, if there are 60 or more adults eating.

EXCLUSIVE USE WEDDING VENUE

It takes the edge off, somewhat, having strangers accidentally wander into your wedding reception. It's awkward for them too.

Therefore, The Imperial Hotel can be exclusively yours. No interruptions, just our friendly team and your wedding guests. After your party winds down, we have 39 comfy bedrooms— for a grand sleepover.

The following morning, after a lie in, let the celebrations continue with a buffet brunch. Or if you're all bright eyed and bushy tailed, breakfast.

WEDDINGS ON THE TERRACE

If your wedding is of an intimate size, then you and your guests can dine on The Terrace. From here, you'll have gorgeous sea-views and in summer with the roof open, you'll hear the soft roar of the waves. It's calming and cosy. We can lay out tables on The Terrace however you desire. Perhaps a theme inspired by the sea? We're sure your choice will be wonderful, whatever takes your fancy.
